DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of claims 1-24, Group I, in the reply filed on 3/17/05 is acknowledged. Applicant has also amended claims 25-40, Group II. The restriction requirement is therefore withdrawn. Claims 1-40 have been examined, and an action on the merits follows.

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Objections

3. Claim 13, and by dependence, claims 14-24, are objected to because of the following informalities: in independent claim 13, step (a), we see: "a first scaling factor" which should be – a first scaling factor --; in step (b), we see "estimation of means for estimation" which should be – estimation means for estimation --; and finally, in step (e), we see "estimation of means for estimation" which should be – estimation means for estimation --. Appropriate correction is required.

Allowable Subject Matter

4. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record does not suggest or disclose the claimed combination of method steps as per independent claim 1 or system elements, as per independent claim

13, written in mean-plus-function format, or apparatus elements, as per independent claim 25.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See the attached PTO-892.

6. This application is in condition for allowance except for the following formal matters:

See above.
